EXPERIENCE

Contract Graphic Designer

Cencora (Healthcare & Pharmaceutical) | 2024–Present

- Designed high-volume presentation decks, flashcards, research summaries, and digital materials for marketing, sales, and internal stakeholders under strict brand and regulatory standards
- Translated dense clinical and research content into clear, audience-friendly visuals used in executive presentations, FDA submissions, and internal training
- Produced conference-ready presentation assets and printed materials for medical and industry events, ensuring clarity, polish, and visual impact
- Maintained rigorous file management, version control, accessibility standards, and brand consistency across deliverables under tight timelines

Freelance Web & Brand Designer

Fiddle & Fern Design Co. | 2021–present

- Designed and launched 20+ custom websites and presentation systems for clients across healthcare, education, and consumer-facing industries
- Created branded pitch decks, sales presentations, one-sheets, and marketing assets to support client outreach, partnerships, and internal communications
- Built scalable brand systems and presentation templates to ensure consistency across decks, email campaigns, and digital platforms
- Managed all project phases including creative strategy, design execution, revisions, asset delivery, and client approvals—ensuring on-time launches and repeat work

Graphic & Presentation Designer

Washington Companies | 2023

- Led design execution for sales presentations, branded pitch decks, internal communications, and print collateral
- Collaborated directly with marketing leadership and executive teams to translate business goals into clean, compelling visual narratives
- Developed reusable presentation templates and visual systems that improved efficiency, consistency, and brand alignment across teams

Web Designer & Branding Specialist

Hazel & Fawn | 2021–2023

- Led a full brand refresh and Shopify website redesign, including a custom registry feature, contributing to increased international traffic and online sales
- Designed promotional landing pages, seasonal campaigns, and automated email marketing assets aligned with brand storytelling
- Created responsive HTML/CSS email templates and digital marketing assets optimized for cross-device performance
